

## **What Is EcoFocus?**

EcoFocus is the country's largest, best-attended media event dedicated to showcasing the latest innovations in green technology, including energy-efficient electronics, appliances and lighting, as well as recyclable and renewable products and services.

## **When And Where Is It?**

EcoFocus will be held from 6:00 to 9:00 pm on Thursday, April 19th, a few days before Earth Day. The event takes place at the Metropolitan Pavilion event space in downtown New York City. This time and location make it easy for press to attend.

## **Are You Affiliated With Any Organization or Tradeshow?**

EcoFocus is an independent media event that is produced by, and a registered service mark of, Pepcom Inc. We produce the leading press events in a number of high-tech and consumer electronics market segments.

## **Are There Speaking Or Presenting Opportunities?**

No, EcoFocus is strictly a demo event. Many journalists and analysts dislike sitting through speeches or presentations, but will happily entertain brief product demos. Pepcom events offer just that opportunity, which entices more and better media to attend.

Internet access and computer or TV displays are also available at a discounted rate.

## **How Does The Event Work?**

A complete upscale "walking" dinner buffet, including open bars, is provided for the press and analysts, who arrive and visit the exhibitors at their convenience. Exhibitors arrive about two hours prior to the event to set up and grab a bite to eat.

## **Who Handles The Publicity?**

Pepcom handles all the promotion, invitations, and RSVPs for the event. We draw from our own media databases, as well as press services, and tradeshow lists. We also assemble an event press kit on USB, which is given to each journalist and analyst who attends.
